

Bizzabo empowers Event Experience Leaders to create immersive in-person, virtual, and hybrid experiences

We support your entire
event strategy

- | | |
|-------------------------|--|
| In-person Events | Create upgraded in-person experiences with simplified check-in options, custom badge printing, and fully branded, award-winning event and lead retrieval apps. |
| Virtual Events | Delight virtual participants with studio-quality video production, industry-leading audience reactions, and unique networking features built to connect attendees. |
| Hybrid Events | Don't plan two separate events; create customized experiences for in-person and virtual participants, offer spontaneous networking opportunities, and turn registrants into active participants. |
| Webinars | Intuitively host more interactive webinars that drive leads for your business with built-in video production capabilities and personalized engagement and follow-up tools. |

A customer favorite

Joanne Robicheaux,
Event Manager,
Cox Automotive

“There was no way I’d tackle a conference like this before working with Bizzabo and seeing the way the process is broken down. I can now think of other events and reach for the mountaintop. **Bizzabo gave us confidence and showed us that if you engage the right partners, you can really think outside the box.**”
